## LPG & NATURAL GAS LEAKAGE DETECTOR

### Description

Available with us is a wide array of **Gas Leak Detectors** for **LPG and Natural Gas**. These systems works as the complete gas-leaking alarming products that are ideal for detecting the leakage of particular gas and alarms. It gives out audio alarming facility. Known for their efficient working and longer service life,

- Hot wire type sensor
- Modernized design
- Yellow LED shows sensor faulty mode
- Detect all sorts of combustibile gases, LPG and LNG include city gas
- Ideal for all kitchens
- Durable sensor head
- High Accuracy
- Suitable for safety valve
- Easy installation and maintenance
- Green LED shows standby mode
- Red LED shows alarm mode
- Excellent reliability & high stability
- Test button available
- Less affected by other organic solvent
- Loud sound signal of 85 dB at alarm mode

### Specification:

<b>MODEL NO.</b>	<b>PSS- GLD</b>
Operating Voltage	220 V AC
Sensitivity	10 LEL
Consumption	1.7 W
Temperature	10 C to 50 C
Horn Level	85 db
Weight	280 Gm with all accessories
Humidity	Less than 95%
Testing area	14 mm
Color	Caramel White
