

FIRE BUCKET STAND

Product Overview: The Fire Bucket Stand is a durable and reliable firefighting equipment designed to hold fire buckets filled with sand or water. It provides an accessible and organized solution for quick firefighting response in industrial, commercial, and public environments. Sand-filled buckets are ideal for extinguishing flammable liquid fires, while water-filled buckets are effective for general fire suppression.

1. GENERAL DATA :-

Manufacturer	Palladium Safety Solutions Pvt. Ltd.
Trade Mark/Brand	“PALEX”
Type	Fire Bucket Stand

2. TECHNICAL SPECIFICATIONS :-

Capacity	Available in 2-bucket and 4-bucket configurations
Material	Mild Steel (MS) with durable construction
Bucket Holding Type	Circular cut-outs with support hooks
Colour	Red (Highly visible for emergencies)
Finish	Powder Coated Finish (Corrosion and weather-resistant)
Coating Thickness	40-60 microns (Ensure long-lasting protection and durability)
Dimensions (Approx)	2-Bucket Model: L-250mm, W-630mm, H-900mm 4-Bucket Model: L-250mm, W-630mm, H-1200mm
Weight (Approx)	2-Bucket Model: 6kg 4-Bucket Model: 8kg
Mounting Type	Free standing
Bucket Material	Galvanized Steel
Usage Environment	Suitable for Indoor and outdoor use

3. KEY FEATURES :-

- **Enhanced Durability** – Constructed from high-grade mild steel with a weather-resistant powder coating for long-lasting performance.
- **Versatile Use** – Compatible with both water and sand buckets, meeting various firefighting needs.
- **Space-Efficient Design** – Available in compact 2-bucket or 4-bucket configurations for flexible deployment.
- **Highly Visible** – Bright red colour enhances visibility during emergencies.
- **Stable Structure** – Anti-tip base ensure stability during use.

4. APPLICATIONS :-

- Industrial Use – Chemical plants, oil depots, and manufacturing units.
- Commercial Areas – Warehouses, retail stores, and office complexes.
- Public Areas – Schools, hospitals, and residential complexes.
- Fuel Stations – Petrol pumps and transport depots.
- Constructions Sites – To manage fire hazards effectively.

5. MAINTENANCE GUIDELINES :-

- Inspection – Periodically inspect for corrosion, damage, or loose parts.
- Cleaning – Clean with a damp cloth and mild detergent; avoid abrasive cleaners.
- Storage – Store in a dry location to maintain its finish and durability.

6. WARRANTY :-

The Fire Bucket Stand comes with a 12-month limited warranty from the date of purchase, ensuring quality and reliability.

Warranty Terms - The warranty covers manufacturing defects only.

- Excludes damages due to misuse, overloading, or environmental factors.

- Palladium Safety Solutions Pvt. Ltd. Reserve the right to repair or replace defective products.
